

Uniform Care and Instruction Sheet for Musicians

Please read carefully for specific care and cleaning of the uniform and equipment you have just been issued. Make sure you have ALL the parts needed with you when you come to practice on competition days. They are as follows:

White Jacket with silver sash (no sash for bass drummers or sousas).

White bibber pants (will be issued later in the season).

Blue bibber pants.

Shako, in its box (no shako for sousas).

Black marching shoes and black (crew height) socks. (Socks are not supplied).

White t-shirt and white athletic style shorts for underneath white uniform parts.

Black or dark athletic style shorts are to be worn under blue bibber pants.

Long johns may be worn on colder days.

After each show please check your uniform to see if it needs to be washed.

If it is basically clean, please hang it neatly and leave your garment bag open for everything to air out.

If it is dirty please clean it as follows:

White Jacket – REMOVE sash before washing the jacket. DO NOT WASH SASH!!

Pretreat any stains on collar or sleeve cuffs with Spray-n-Wash, Resolve, etc. Wash jacket on warm and hang dry. DO NOT put jacket in the dryer as it will cause untreated stains to set. Please replace the sash. If you have any difficulty please ask anyone on the uniform team to help.

Blue velvet shirts- Hand Wash Only. Cold Water Only. Mild detergent. DO NOT soak, DO NOT wring or twist. Lay flat to dry. See tag for directions.

White and Blue Bibber pants are machine washable. Warm wash tumble-dry low. Iron if needed. Please wash darks and whites SEPARATELY!

Check shoes for dirt or grass and wipe with a wet paper towel. Windex works well too.

Check your shako for any dirt and wipe off with paper towel and mild cleaner.

You are now responsible for your uniform. If all of the pieces are not returned at the end of the season YOU WILL BE RESPONSIBLE FOR THE REPLACEMENT AND CLEANING FEES indicated on the Uniform Equipment Agreement Form.
